
Title: The Path of Evil Revelations

Author: Annatar

BASIC BELIEFS

Infernalism is inherently evil. There is something intrinsically wrong with pretending there is a higher good for infernalists. There is none because the world was created for mortals, not the deamons. The morality of the infernalist is an illusion. The infernalists are meant to serve the power of darkness.

ETHICS OF THE PATH

-Reject your humanity. You are the servitor of unnatural evil.

-Support the Lords of Darkness, and they will reward you.

-Hide your nature from your fellow Mages. Never reveal your true master.

-Corrupt others whenever possible. Show them the darkness as you see it.

FOLLOWERS

The infernalists are not necessarily the

meanest and most

some seem very
human.

FOLLOWING THE PATH

Following this path
means serving the
Lords of Darkness.
The Followers must
act in the best
interests of the
infernal Powers they
serve. Followers
always try to corrupt
others into following
this path, promising
them riches and
power, though they
are only promises.
They always lie and
manipulate - not for
their own interest but
for their master's.
